## Rules concerning Husbandry.

**W**hen you would plant or graft, consider where the wind bloweth; if it be in the South, it is very good for that purpose, but if it be in the North or East, it is not good.

It is good to plant or graft generally the Moon increasing in these Signs, Taurus or Aquarius in the beginning of the Spring, or latter end of Harvest.

Plant trees for continuance, when the Moon is in Taurus, Leo, or Aquarius.

Cut timber to have it sound, in December, or January, in the wane of the Moon in Aquarius or Pisces.

Prune trees and pull off the moss in the month of January.

Slash hedges and lop trees for fuel, that the heads may the sooner grow again, when the Moon is in Aries or Libra, and in her increase.

Set young quick-sets, from September to March.

Remove young trees in the last quarter of the Moon, when she is in Aries, Libra, Scorpio: and in these months, September, November, February.

Set vines in February, March, or September, specially the Moon in Aries, Libra, Scorpio, in her increase.

Set Rose-trees in the midst of February, when the Moon increaseth.

Cut or prune trees in March or April, the Moon in Taurus, Virgo, or Capricorn.

Gather fruit, as Apples, Pears, and the like, at the full of the Moon, in the afternoon, the weather being fair and dry.

Cut down Hay presently after the full of the Moon.

Dung ground to prevent the growing of weeds, the Moon decreasing.

Sow Carrot-seeds about the end of February or the beginning of March, the Moon increasing.

Sow Onions and Leeks in February or March, at the wane of the Moon.

Set Cucumbers and Melon seed, not above one inch in depth, from the first of April to the 20 in the increase of the Moon.

Set Dutch-sets, Kosc-trees, Peaches, Filberds and Plum-trees; and remove trees if the frost be not too hard, prune and lop them before full Moon: sow of set Beans and Pease, and dung land in the last quarter: geld Cartel to rear, fallow land for Wheat and Rye: trench Gardens with dung, and remove Bees, and for your own health, keep your body warm, let good and wholesome diet be your Physitian, moderate exercise and labour your sauce to cause appetite.

Febrdary.

**N**ow sow all sorts of Pease and Beans, and other Pulse, sow Mustard-seed, cast up ditches, set and plant Wines, Hops, Gooseberries, and any fruit that grows upon bushes, prune and trim all sorts of fruit-trees from moss, canker, and all superfluous Branches. Graft in the latter end of the month, some Onions in cold stiff land: Take heed of cold, forbear Hegmatick meats.

March.

**I**n the new of the Moon (the wind any but West or South) graft Pear, Ewarden, or Apple-trees, make an end of sowing all manner of Pulse, and begin to sow Oats, Barley, Parseneps, Onions, Carrets,

# Wood-house, 1682.

Carrets, Cucumbers, Melons, and all kind of Pot-herbs, slip Periwinkles and Sage, feed Lambs, let them according to strength and necessity, the sign and weather also being fit (but take advice of the learned Physician) look what disease cannot be cured in the Spring time by physick, will hardly be cured all the year after.

## April.

Sow Barley, Hemp, and Flax, pole Hops, set sand sow all kinde of Garden herbs, open Dives, and let Bees labour for their living, let Tanners now provide them for Bark, and all good Housewives look to their Dairies; bleed and purge with advice; those that are troubled with aches, or the gout, let them go to the Baths in this or either of the months.

## May.

Sow Barley on all light lands and bearing grounds and likewise Hemp and Flax, and all manner of fine seeds and herbs, take Lambs from their Dams, stir land for Wheat and Rye, leave lopping of Trees, reach Hops to climb, but cut off the superfluous branches, Mistle early, walk the fields, especially by running Streams, Sage and Sweet Butter is now an excellent breakfast, Sage and clarified Oyle, as also Scurvy-grass-Ole, and Rhenish Beer, are wholesome drinks to be drunk fasting.

Labour in Summer, take pains with the Aay,

As in the Winter live poor, and in want.

August.

**F**illow close your Corn-harvest, sow Winter herbs in the new of the Moon, gather Garden seeds, make Barly and Oats, gather Summer fruits, refrain from sleeping in the day time after meat, avoid riot and excess.

the Moon. Cut Rose-trees, if you desire to have Doz-

 vice of God only.

 the last quarter of the Moon, uncover the roots of  
 fruit-trees, set Beans and Pease, cover all your best  
 sowes and herbs from frosts and Hoymes, with old  
 rotten horse-dung, look well to your cattel, water and  
 keep moist your meadows, let horses bleed, and to con-  
 clude, drink good Wine and Strong drink, keep thy bo-  
 dy warm clad, thy house warm and dry, banish all  
 cares from thy heart, and feast thy poor neighbours,  
 rejoicing that God sent his only begotten Son about  
 this time into the world, to save all such that lay  
 hold on him with a true and lively faith.
